

Technical Data:

Glass Silicone Vacuum Bag

Product description and advantages

- Area of application: Glass lamination
- Constant quality thanks to quality management
- Excellent elasticity
- Long-term flexibility
- High temperature resistance to 250°C

Standard dimensions

Width X Length: As requested
 Material thickness: 2 mm
 3 mm
 4 mm

Model No.	Tensile strength (MPa)	Tear strength (N/mm)	Hardness (Shore A)	Elongation %	Standard Color	Surface
FC3111	6.5	26	55±5	450	Transparent	Smooth/Smooth
FC3112	6.5	26	55±5	450	Transparent	Smooth/Textured
FC3121	6.5	26	55±5	450	Transparent/Blue/Red	Smooth/Smooth
FC3122	6.5	26	55±5	450	Transparent/Blue/Red	Smooth/Textured
FC3211	8.0	32	55±5	650	Transparent	Smooth/Smooth
FC3212	8.0	32	55±5	650	Transparent	Smooth/Textured
FC3221	8.0	32	55±5	650	Transparent/Blue/Red	Smooth/Smooth
FC3222	8.0	32	55±5	650	Transparent/Blue/Red	Smooth/Textured
